About European Global School

About Us

European Global School, Paris offers students a unique opportunity to attain a qualitative education and ensure they have access to quality program which brings greater visibility, flexibility, autonomy and accessibility. Our well designed programs support career and professional development. Our reputation has been built on sustained success in research and teaching. The school prides itself on the high quality of its provision and is committed to maintaining high standards and continually enhancing its quality in all areas.

EGS focuses mainly on the development of the student's logical abilities and skills and their demonstration in real life and practice. Students will acquire a variety of study, communication and practical skills that they can use in building their personal and professional career.

EGS was founded with the goal to offer its students high quality education at an affordable price. Our academic programs are designed and developed by experts with extensive experience in their areas of concentration. They are committed to the success of their students. As a pioneer in long-distance learning, European Global School's flexible programs give students the opportunity to acquire their degree while allowing each student to plan his or her studies around other obligations.

Classes take place mainly online, thanks to which even the busiest managers and directors of companies who do not have time to attend classes regularly can study.

Our flexible approach to learning offers you three study options.

Advantages of Self-Paced Learning

Self-paced learning comes with several advantages that will enhance the performance of our students.

No Time Pressure

With self-paced learning the time pressure that exists during live classrooms is lifted. Students that require more time no longer need to scramble through content and frantically scribble notes. The benefit of determining one's own pace also benefits the quick learners who might become bored if they have to wait until they can move on with the rest of the group.

No Need for a Schedule

Self-paced learning makes it possible for students to see the big picture from the start and then structure their work in their own time.

Improves Memory

Since students have no time pressure, their memory performance will improve. Suitable for Different Learning Styles

With self-paced learning it is possible for our students to adapt to their different learning styles.

Self-Paced Learning and our LMS

Quizzes, exams, assessments, and courses can be self-paced with our Learning Management System (LMS). Therefore, if you don't want to schedule a traditional test or course, self-paced learning is a perfect option.

For many of our programs, you may be able to study with local teaching support at our approved study center. This gives our students many opportunities to consult questions and issues from practice with a highly professional team of faculty members. The tuition fee is higher than our online program.

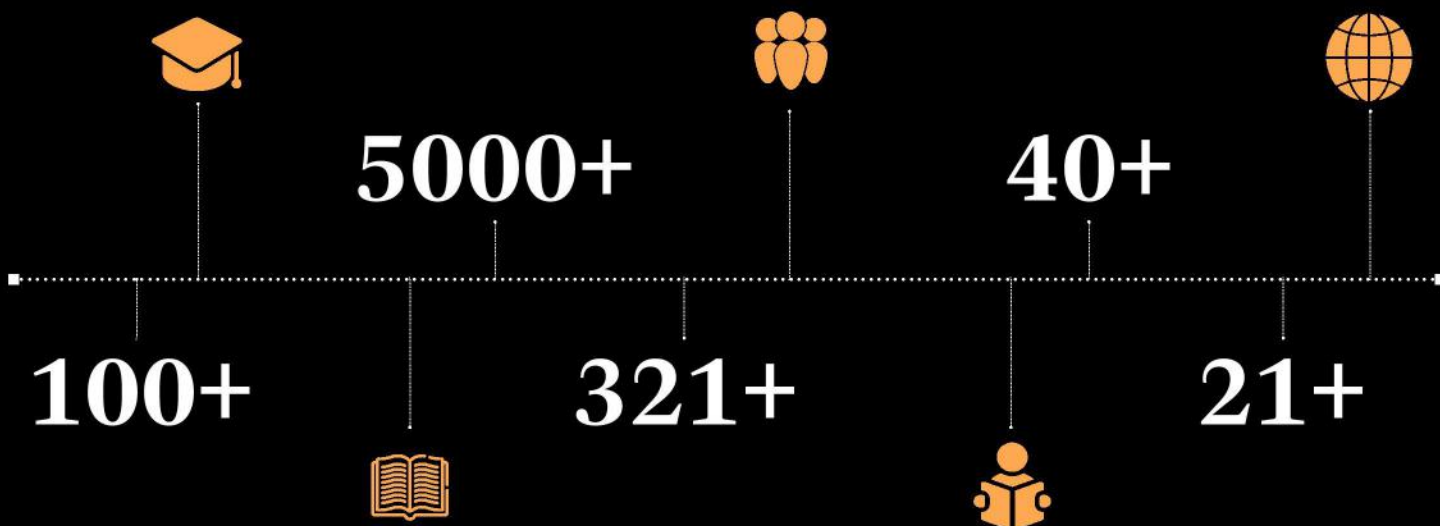

Mission & Vision

European Global School promotes lifelong educational goals of learners, supports workforce development needs of employers, and fosters community involvement by providing a substantive, responsible, and accessible learning environment.

European Global School is a vibrant and diverse institution committed to academic excellence and individual growth. EGS will promote excellence in education; maintain fiscal and operational integrity; and cultivate an environment of fellowship, inclusiveness, and respect.

Visiting Faculty

Our faculty is committed to maintaining the best on-campus and online learning environment by delivering quality education. Our classrooms are entirely managed by our faculty from creating course content to preparing exams. The faculty also promotes a better learning culture within the classrooms so that the students can properly develop their

skills. The faculty is mainly responsible for developing and improving the program's curriculums. As our faculty members are professionals, having rich knowledge of the trends existing in the market related to their field they could easily update their curriculums accordingly.

Permanent Faculty

European Global School has a team of 321 permanent faculty members who are continuously looking forward towards the betterment of processes and curriculum. Their responsibilities include:

- Classroom organization
- Education management and curricula design
- Management of class assessments and assignments
- Designing course content
- Providing students with recommendation letters for better job placements
- Assisting students through online communication

Associated Faculty

Faculty members, from across the globe affiliates of European Global School come under this category. They, being

associated to education and learning, are very useful resource dedicated towards betterment of education.

Auxiliary Faculty & Honorary Doctorate

Welcome to the European Global School Academic Support Faculty Project (ASFP)

What is it?

Commit your time and talent to European Global School for four months to one year, excel in the development of and dedication to the European Global School, Paris community and curriculum, and participate in the advancement of the quality of education to be nominated for the AUXILIARY FACULTY title and rank.

Duration	Title	Rank
4 Months	Mentor	Certificate of Appreciation
8 Months	Adjunct Lecturer	Certificate of Appreciation & Souvenir
12 Months	Adjunct Professor	Honorary Doctorate / Certificate of Appreciation & Souvenir

Who can apply?

Are you a confirmed teacher (Masters or Doctorate holder) with academic track record willing to engage in distance education and participate actively in the development of European Global School while looking for new professional opportunities? Then the ASFP is for you.

How to apply?

Applicants should send their curriculum vitae and motivation letter to academics@egs.education stating the reasons of their application and detailing their motivation.

After completion of active participation in the European Global School activities (course creation, online teaching, literature creation and publication, community development, colleague referral...), the title of Honorary Professor will be bestowed upon the nominees to honor their actions. The latter will be measured and quantified thanks to the Course Feedback Form filled out by students OR thanks to the Staff Evaluation Form. Eligible professors need to score a minimum of 75% positive answers in each Course Feedback Form or in the Staff Evaluation Form.

The names of new Honorary Professors will be announced in all European Global School official communication supports.

The title and rank are honorary ones carrying no salary implications. From then on, title and rank will be reviewable and renewable at the end of each year.

At the same time, after the first year and once the nominees are granted the honorary title and rank, they may also ask to participate, if such is their wish, in the activities of the University by signing the corresponding contract or agreement and falling under the applicable terms and conditions.

Part 2

Prospective Students

Why EGS?

There are lots of reasons to choose, but here's 5 1/2 good reasons to study @ EGS

#1

Career-Oriented Programs

An increasing number of graduate jobs do not specify a particular subject area. Employers often look for the key skills that you develop throughout your degree, such as information technology, communication skills, teamwork and problem solving.

#2

Personal Development

European Global School lets you develop as an individual. It gives you the time and opportunity to develop new interests, learn new skills and meet new people. Especially if it's your first time away from home, you'll become more independent and self-reliant. You'll also have space to form an idea of the path you want to take after graduation.

#3

Flexible Learning Options

European Global School does not have a large residency requirements. Flexible study options let you choose

how and when you learn. These include part-time study, distance and online learning, research-based learning and study abroad options in any of our study centers.

#4

Opportunities

A wider range of careers and opportunities are available to our students, from further research to exclusive training programs and more.

#5

Affordability

We believe costs shouldn't be a barrier to personal development which is why the cost of studying with European Global School is lower than traditional universities. If you are looking for a smart, value for money option then look no further - you can stay in control of your finance and focus on your learning.

#5 1/2

Scholarships

Scholarships help students through their financial constraints. Every year nearly 90% of our students qualify for Scholarship Program.

Non - Discrimination

European Global School does not discriminate on the basis of race, color, religion, national origin, sex, age, status as a disabled individual, sexual orientation, gender identity/expression, genetic information or protected veteran's status, in employment, treatment, admission, access to educational programs and activities, or other school's benefits or services.

Dean's Message

Dear Prospective Students,

Greetings from European Global School!

On behalf of all our faculty, staff and students, welcome to our official website, the first destination to become acquainted with European Global School, its faculties, academic programs, activities, official news and opportunities for cooperation. As dean, I'm extremely proud of the rich tradition of providing practical, experience-based education that our institution has upheld since its founding. We are committed to developing new knowledge and training high-performing industry professionals. Our research, teaching, and service are grounded in our core values: contextual, resourceful, and entrepreneurial practice. We imagine a future in which all our students are empowered to maximize their social, economic and environmental well-being. My office is dedicated to sustaining this core identity for students—both current and future.

I hope you will take this opportunity to explore our website, where you will find detailed information about our programs, and our ongoing commitment to a quality experience for all graduate students.

Professor Dr. Hubert Rampersad
Dean of Graduate School
